Family History Ideas

Which of your ancestors attended higher education (more than high school)?

Did anyone graduate from college before the year 1900?

Where did they go to school and what did they study?

What schooling did your parents complete?

What about your grandparents and great-grandparents? How has their education made an impact on your life?

What do you want to be when you grow up?

What kind of Schooling will that require?

In a journal, on the computer, or on a sheet of paper, write down your own education goals.

Take a picture of what you wrote and upload it to the memories tab on your Family Search profile.
